Adams Ansel

Paperback
440 pages
Language: English
Editore: Little Brown
Argomento: Photography Ansel Adams
ISBN / Barcode: 9780316400794

Euro € 32.00

ANSEL ADAMS: 400 PHOTOGRAPHS presents the full spectrum of Adams' work in a single volume for the first time, offering the largest available compilation from his legendary photographic career. Beautifully produced and presented in an attractive landscape trim, ANSEL ADAMS: 400 PHOTOGRAPHS will appeal to a general gift-book audience as well as Adams' legions of dedicated fans and students.

The photographs are arranged chronologically into five major periods, from his first photographs made in Yosemite and the High Sierra in 1916 to his work in the National Parks in the 1940s up to his last important photographs from the 1960s. An introduction and brief essays on selected images provide information about Adams' life, document the evolution of his technique, and give voice to his artistic vision.

Few artists of any era can claim to have produced four hundred images of lasting beauty and significance. It is a testament to Adams' vision and lifetime of hard work that a book of this scale can be compiled. ANSEL ADAMS: 400 PHOTOGRAPHS is a must-have for anyone who appreciates photography and the allure of the natural world.

Argomento: Photography
ISBN / Barcode: 9781841613093

Euro € 6.50

This unique book is a collection of over 180 photographs (colour and black & white) with text that affectionately chronicles what it was like to have been at

this historic event held at Max Yasgur's 600-acre farm in Bethel (about 100 miles from New York City) from 15th-18th August 1969 - it was a once-in-a-lifetime occurrence. There was nothing like it before and there has been nothing like it since. The thousands of revellers that flooded to the event shared, laughed, got wet, shared some more, listened, napped, ate, talked, sang and shared some more. Rainstorms failed to dampen their spirits - many high on marijuana, some dancing naked in the muddy fields. Performers who came and went via helicopter (as it was the only way in or out) included: The Who, Richard Havens, Jimi Hendrix, Joe Cocker, Melanie, Jefferson Airplane, Janis Joplin, John Sebastian, Arlo Guthrie, Ravi Shankar, Joan Baez and Blood Sweat and Tears. Woodstock was an indication of the way we could progress by interacting with each other, a way of co-existing together, and a way of life sadly lost today.

It was a statement to all disbelievers that with collective energy and social harmony, problems could be solved, and by understanding and embracing the values of the Woodstock generation, the world could be a better place.

This new book is a celebration of love through the ages, gathering together more than 100 romantic illustrations from the flirtatious to the kitsch, the charming to the ironic. The vintage imagery is drawn from a huge range of sources - fashion magazines, medieval illuminated manuscripts, book covers, paintings and cartoons - and it ranges from exquisite depictions of courtly love in the Middle Ages to the pulp novels of the twentieth century; from elves in fairy-land to a honeymoon in space. Great lovers from literature - Romeo and Juliet, Tristan and

Isolde, Jane Eyre and Mr Rochester, Vishnu and Lakshmi - are lavishly represented alongside a host of first kisses, assignations in the garden, moonlight serenades, and walks down the aisle.

In 1962, Pete Best, the then drummer of The Beatles, was replaced by Ringo Starr and the reconstituted band recorded its first single in Liverpool. A legend was born: John, Paul, George, and Ringo? "collectively the most popular and influential rock and roll band that the world has ever seen. The Beatles came to define their era in a way that no other band or performer has

managed. The band only produced music between 1962 and 1970, but in the course of their eight remarkable years, they produced a dozen astonishing albums of original, mainly self-composed music. At least two of those albums invariably make every "all time great" chart list: Revolver and Sgt. Pepper's Lonely Hearts Club Band. Their success was truly global and during their heyday and for some years after, they were four of the most recognizable faces on the planet; arguably, they remain so. This British rock and roll band took the world by storm in the 60s and their timeless music remains popular today. The accompanying DVD features a mixture of interviews with the band, reportage of the travels of the "Fab Four," press conferences, and interviews with them and their entourage from 1963 onward. It also includes an extra feature, a documentary on John's "We're more popular than Jesus" remark and its aftermath.

Handbags: The Making of a Museum

Clark Judith

Hardcover
272 pages
Language: English
Editore: Yale University Press
Argomento: Fashion Accessories
ISBN / Barcode: 9780300186185

Euro € 29.50

The history of the handbag—its design, how it has been made, used, and worn—reveals something essential about women's lives over the past 500 years. Perhaps the most universal item of fashionable adornment, it can also be elusive, an object of desire, secrecy, and even fear. Handbags explores these rich histories and multiple meanings.

This book features specially commissioned photographs of an extraordinary, newly formed collection of fashionable handbags that date from the 16th century to the present day. It has been acquired for exhibition in the first museum devoted to the handbag, in Seoul, South Korea. The project is a commission undertaken by experimental exhibition-maker Judith Clark, whose innovative practices are revealed in Handbags.

Essays by leading fashion historians and an acclaimed psychoanalyst investigate the history of gesture, the psychoanalysis of bags, and the museum's state-of-the-art mannequins and archive cabinets. In order to preserve the words that describe the unique qualities of each bag, a terminology of handbags has been compiled.

We often talk of "stepping into someone else's shoes." Walking back in time a century ago, which shoes would they be? A pair of silk sensations costing thousands of pounds designed by Yantonnay of Paris, or heavy wooden clogs with metal cleats that spark on the cobbles of a factory yard? Would your shoes be heavy with mud from trudging along duckboards between the tents of a frontline hospital, or stuck with tufts of turf from a soccer pitch? This history follows the revolution in women's lives and aspirations during the second

decade of the 20th century, as reflected in costume and appearance. The book opens the wardrobe in the years before the outbreak of war to explore the contrast between the stiff, mono-bosomed ideal of Edwardian womanhood and the gossamer gowns draped round her. It examines such contradictions as suffragettes battling social and legal restrictions while fashion literally hobbles women with narrow skirts and thigh-length corsets.

Ferrari Grand Prix Moments

Formula One Photographs 1954-1965

AA.VV.

Hardcover

96 pages

Language: English

Editore: David Bull Publishing

Argomento: Sport

ISBN / Barcode: 9781893618848

Euro € 35.00

Legendary motorsports photographer Jesse Alexander produced some of his most memorable images while following Scuderia

Ferrari on the European Grand Prix circuit between 1954 and 1966. Alexander's photographs reflect an unsurpassed level of access, both in terms of where he was free to explore and work, and more important, in the openness of his subjects. It's this quality that gives his images their unusual intimacy. Drivers and team principals appear relaxed and unguarded, a result of his personal friendships and familiarity with his subjects. These photographs have a distinctive sense of a fleeting moment captured, which inspired this book's title: at Reims in 1956, veteran Juan Manuel Fangio holds court with his young teammates Eugenio Castellotti, Peter Collins, and Olivier Gendebien; on a chilly winter day in 1957, Enzo Ferrari is bundled up for a test of Luigi Musso's Lancia-Ferrari D50 at the Modena Autodromo; at Spa in 1961, Wolfgang von Trips warmly congratulates Phil Hill on their one-two finish, a race Hill won from the pole. The sense of the moment is often enhanced by dramatic lighting, such as dark shadows on the Monza track cast by sheltering trees, or sunlight streaming through the Ferrari factory windows, illuminating unpainted race cars. Though he is best known for his black-and-white work, Alexander's early color images are also featured. The photographs presented here vividly depict an era of great change and growing challenges to Ferrari in Formula One. After scoring two championships with Alberto Ascari in 1952 and 1953, Ferrari faced formidable competition from Mercedes-Benz in 1954, followed by a host of new British teams in the late 1950s and early 1960s. That period would also see Ferrari make the long-anticipated shift from the front-engined Lancia-Ferrari D50 and Dino 246 to the rear-engined Dino 156 that would restore the team's dominance in 1961. In Ferrari Grand Prix Moments, Jesse Alexander offers his personal perspective on the people, places, and events that made the 1950s and 1960s a defining period in the history of the marque that more than any other has come to define Grand Prix racing.

sleepwear, dresses, suits, trousers and casual wear. The poses in each chapter are organised to show a progression including seated model (crossed legs, straight legs, seated on chair, seated on the floor); standing model (frontal view, three-quarter view, side-view from the back with crossed legs and straight legs); and moving model (running, walking, dancing). Each chapter begins with an introduction which is followed by images with detailed explanatory captions. With a focus on shape and form, the content covers marker and pencil techniques for a complete range of illustrated poses.

Denim: Fashion's Frontier*

Emma McClendon

Hardcover
212 pages
Language: English

Editore: Yale University Press
Argomento: Fashion Jeans
ISBN / Barcode: 9780300219142

Euro € 28.00

Denim is one of the world's favorite fabrics, and today it accounts for the largest segment of the clothing industry. The market for jeans alone is worth over 55 billion dollars. Experiments with denim by designers have helped to develop a vast vocabulary of denim styles beyond jeans that are now ingrained in fashion's lexicon. This handsome book explores the multifaceted history of denim and examines the continually evolving relationship between it and high fashion.

Prized for its durability and strength, denim began as an ideal fabric for workwear, most famously in the clothing produced by Levi Strauss & Co. for fortune hunters during the 19th-century California gold rush. Over the past 160 years, however, film, television, and advertising have helped transform denim into a symbol of youth, rebellion, sex, and the ever-ephemeral quality of "cool." The fashion industry has also played a large role in the expansion of denim into casual and couture clothing. The Denim Council, which formed in the U.S. in the 1950s, promoted denim to an ever-widening circle of customers through the framework of the fashion industry, most notably with presentations during New York fashion weeks. Featuring previously unpublished archival material from the Denim Council, an insightful text, and copious illustrations, this book offers a new perspective on denim's rapid rise from the 19th century to today.

The essential and inspirational reference to more than fifty international designers, labels, brands, stores, blogs and websites that have shaped independent men's fashion over the last decade

In the past, menswear and creative fashion were not words that were easily associated with one another. While a rich tradition existed in men's tailoring, menswear was seen as very much the poor relation to womenswear. Times have changed: menswear, notably that created and produced by independent labels, is a hotbed of creativity; separate fashion weeks devoted to

menswear are now held in Paris, London, and Milan; and the menswear scene is hotly discussed, critiqued, and debated in the press and online.

Contemporary Menswear presents in-depth profiles of more than fifty of the designers, labels, brands, stores, websites, and blogs that have shaped and continue to shape menswear in the twenty-first century. From classic heritage labels such as Albam Clothing through to dynamic, new labels such as Tellason (crafted, desirable denim) this is a detailed and insightful guide to an independent menswear scene that has grown to be a respected and highly creative part of global fashion. 500+ illustrations in color

Once dismissed as the decade of avocado suites, lava lamps and shag-pile carpets, the 1970s are now being enthusiastically mined for trends from the fashion, music, literature and vibe of the time. 70s Style and

Design unlike other studies devoted to the decade presents the 70s as a vitally important period in the creative arts, which united such defining trends as the Art Deco craze of the 1920s and 1930s and the Pop movement of the 1960s, and continues to influence today's trend-setting taste makers. 70s Style and Design is sure to inspire everyone from dedicated followers of fashion to even the harshest critics of the decade. Hislop and Lutyens have rescued the 1970s from parody, and produced a study that is sensationally illustrated, meticulously researched, and wittily written.

"With my sunglasses on, I'm Jack Nicholson. Without them, I'm fat and 60."
Sunglasses. The great equalizer. Celebrities wear them to blend in, the rest of us wear them to stand out. Either way, nothing else, except possibly the way one dances, tells you so much about who a person thinks they are than their choice of shades.

50 Shades is a stunning hardback coffee table edition featuring fifty photographs of the last century's most iconic figures in the coolest sunglasses of the age. Nothing personifies glamour quite so much as these iconic photographs taken from the Getty Images archives. This unique book immortalises fifty of the coolest icons from the worlds of film, music, politics, literature and fashion. They are some of the most glamorous and infamous people in public life from the most stylish decades of modern history. Photographed wearing their own shades, the images speak volumes about how celebrities see themselves and how they want us to see them.

From Jackie O to Debbie Harry, Steve McQueen to Marilyn Monroe, Andy Warhol to Brian Jones, Elvis Presley to Yves Saint Laurent, 50 Shades features stunning photography reproduced to the highest quality and text from leading fashion writer, Lauren Goldstein Crowe.
